Tom, Steve Kemp in R7 shared that he had a chat with Grant Cope yesterday who requested their community involvement plan for the Omaha site. Steve is waiting on a colleague for the latest version and has also tasked R7's records management staff to produce historical records related to the site that Grant was interested in.

I've also heard that no decisions have been made yet about a date for / format of the next CAG meeting. DTSC is considering some different options other than the current structure.
